

A Resolution to Develop a Lakewide Management Plan for Lake Huron

WHEREAS the Great Lakes Water Quality Agreement calls for a Lakewide Management Plan for each of the five great lakes, and

WHEREAS there is no LAMP in force for the waters of Lake Huron including the north channel and Georgian Bay, and

WHEREAS there is an urgent need to protect and restore Lake Huron from increasing levels of persistent toxic chemicals.

BE IT THEREFORE RESOLVED that Great Lakes United spare no effort to convince the parties that all five Great Lakes must have LAMPs and that Lake Huron with all its waters be protected by a Lakewide Management Plan as called for in the GLWQA.

I HEREBY CERTIFY THAT THIS IS A TRUE COPY OF A RESOLUTION ADOPTED AT THE EIGHTEENTH ANNUAL MEETING OF GREAT LAKES UNITED ON JUNE 4, 2000.

Tim Brown, Secretary
